### 1. RFP 50-23 School Health Services

#### BACKGROUND AND RATIONALE:

Health services are required for the health and safety of all students and staff. School nurses assist students with chronic health conditions and medical needs so they are able to safely participate in school, have good attendance and maximize their academic achievement. In addition, they team with school staff to promote healthy activities and a healthy school environment. For almost 40 years Fayette County Public Schools have partnered with the Lexington-Fayette County Health Department via contract to place nurses in our schools on a full- or part-time basis. A request for Proposals was issued September 19, 2023; responses were due in by October 16, 2023. Ten vendors responded to the request –A review committee of stakeholder representatives were impaneled to review the written proposals and interview the top 4 scores.

Scoring was based on cost (30%), the technical proposal (30%) which included qualifications, licenses, tracking and reporting, references (10%), and the interview (30%). The scores below show the weighted finals based on this criteria. After all scores were calculated Maxim health was the highest score and recommended for award.

## 5. Bid 62-23 – Copy Paper

### **BACKGROUND AND RATIONALE:**

This bid provides for FCPS and administrative departments to purchase copy paper for copiers and printers at a discounted price and to incur no shipping or transportation charges. Paper is purchased in bulk and stored at the warehouse. This allows for greater savings by buying in larger quantities. Pricing was asked for regular copy paper and for recyclable paper to compare pricing. Regular copy paper was a substantial savings over recyclable paper.
